

From Colorbred Judge, Davis Benites  
To the CENTRAL CALIFORNIA CAGE BIRD CLUB;

My most sincere congratulations for another successful Show; what a fantastic event full of warm people and beautiful birds which gave an excellent opportunity to many to have fun and learn at the same time.

In an event like this one has the opportunity to appreciate a variety of colorful birds that otherwise impossible to find. This event also ignites interest in new comers to join the hobby and I understand that there was a total of 7 new novices in several categories; CONGRATULATIONS!

Your Bird Show has always been a premier show in my list; to start, your club is well organized and very supportive, starting with the welcoming committee at the airport, the basket of fruit at the hotel which was very thoughtful, to the panel of people assigned to the judge (Secretary & Stewards) and to Show Manager who coordinates and delegates the to-do tasks which I am sure are very challenging and only conquered only by arduous work.

The biggest bonus is to see your friends again, gathered in a common cause which is to share knowledge in this wonderful hobby of ours... BIRDS!

Finally I also would like the Central California Cage Bird Club the opportunity of being part of such an enjoyable event, in hopes to be part of it again.

Best wishes in your 2010 Show!

Warm regards to all,

David Benites  
National Colorbred Association Judge
